- What is SPF?
- Coming in October...Win a \$50 Gift Card!
- Recycle Your Old Cell Phone and Get Cash

Sherpa Team Successfully Protects All Clients from August Computer Worm.

There are two categories of computer users, protected or exposed. There is no in between," said Greg Gurev, Head Sherpa.

**Fun, Free and Fabulous Utility of the Month**

Yahoo recently purchased the very cool Konfabulator Widget tool. Widgets are little files that can do pretty much whatever you want them to. Widgets can be alarm clocks, calculators, can tell you your WiFi signal strength, will fetch the latest stock quotes for your preferred symbols, and even give your current local weather. Konfabulator Widgets is now a free download.

**Coming in October...Win a \$50 Gift Card!**

Want to win \$50.? Of course you do!! Starting with our October issue, we will be running a monthly contest for our loyal clients.

Sherpa Tip: Stop Sharing Your Personal Info. on the Web

Quickly bypass the login of web sites that require compulsory registration and/or the collection of personal/demographic information such as the New York Times.

What is SPF?

It prevents wrinkles, but not on your skin...in your e-mail!

Recycle Your Old Cell Phone and Get Cash

Instead of allowing your old phone to end up in a landfill, you can get a free pre-paid mailing label sent to you so you can mail it in for recycling. If it's worth anything, you'll even get cash out of the deal!
